Video Game Design & Coding
&
Minecraft Gaming Adventure

Grade 3-6

Video Game Design and Coding 101

Stop playing video games and start creating them! In this introductory class participants will learn how to program and create their very own video games. We will learn how to create sprites, objects, levels, backgrounds, sound effects and much more as we create several games that can be shared with family and friends! We'll create games with fire-breathing dragons, a game with spaceships and asteroids, as well as a multi-level, customized adventure game complete with zombies, potions, coins, trap doors, and so much more! Participants will leave Friday with their games on a thumb-drive along with a free copy of the software!

Minecraft Gaming Adventure

Take your Minecrafting skills to next level with this action-packed Minecraft Adventure course! We will create, explore, and use problem-solving skills to build our very own Minecraft Adventure maps. We will also learn how to build redstone circuits and machines and command blocks to enhance our adventure maps. This Minecraft workshop is out of this world!

LOCATION: Class is held in the Upstairs Small Room at the Exeter Recreation Building, 32 Court Street, Exeter.

REGISTRATION/DATE: Registration begins March 7, 2016. Registration is open to students of Exeter and surrounding towns, on a first-come, first-served basis.
